

# PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., WEDNESDAY, DECEMBER 5, 1894.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

William McMahan left last night for Cincinnati.

Miss Mae Hord is visiting Miss Wood of Forest avenue.

Miss Winter of Augusta is the guest of Mrs. Stockton L. Wood of Court street.

Colonel R. R. Maltby of Washington has gone to Plymouth, Wis., to remain for several weeks.

Rev. W. O. Cochrane returned last evening from Crittenden, where he was called Monday to officiate at a funeral.

A Baptist Church has been organized at Russell.

Thomas Tira of Concord gets an increase of pension.

Ten million bushels of coal are now on the way down from Pittsburgh.

William Henry Harrison of Flemingsburg has been granted a pension.

Eyes tested and glasses fitted by Dr. P. G. Smoot. Satisfaction guaranteed.

Hot Chocolate, 5 cents a mug.

THEO. C. POWER.

Dan Davis, charged with arson, was dismissed after a hearing before Squire Grant.

Judge Pryor will be Chief Justice when the Court of Appeals organizes in January.

Louis Landman the optician will be at the Central Saturday, December 15th—one day only.

The M. E. Church, South, which cost \$30,000, was badly damaged by fire at Huntington Sunday.

Earnest Robinson of Lewisburg and Miss Mollie Smithers of near Millcreek Station married today.

Hon. R. B. Lovel, the leading retail grocer, has a new advertisement in today's LEDGER, and his price list will be found quite attractive.

Colonel L. P. Tarlton of Frankfort, a turfman and Republican, is undecided whether or not to run for the Legislature or to become a candidate for Lieutenant-Governor.

Brigadier General George E. Currie, of the U. R. K. of P. of Kentucky, was handsomely entertained by Maysville Division last evening. There were many speeches and a toothsome luncheon.

The protracted meeting at Carlisle, conducted by Evangelist Hopper and Dr. Scudder, had resulted in twenty-two additions at last accounts. David Judy, in his 80th year, has united with the church.

J. K. Henry of Robertson county is said to have celebrated his 104th anniversary Sunday by having a family reunion. There were eight children present, fourteen grandchildren, and six great-grandchildren.

Joseph Gray, colored, who was recently pardoned by Governor Brown after serving a part of his term for the murder of a Miss Davis, has been put in jail at Harboursburg to keep him out of the way of a mob.

Efforts are being made to pave at least one square of Second street with brick. Why not do the whole business and be done with it? There's neither sense nor economy in patchwork. Brick streets are no longer an experiment. The people are tired of the present never-ending expense.

The Young Ladies' Exchange will open tomorrow and continue one week. In connection with this a County Court dinner will be given Monday at 12 o'clock. Let everybody turn out and attend, 25 cents for dinner. Don't forget the place—Gerbrich's piano-room on Second street, January Block.

As James B. Barber, a prominent farmer near Mt. Olivet, was returning to his home after cutting wood all day, he was fired upon by some one concealed in a strip of woods opposite to where he was working. The ball struck him in the breast and pierced his left lung. He will die. The guilty party is suspected, but no arrests have been made.

Married, Wednesday, November 28th, at the residence of Mr. J. T. Talbott, near Colville, Harrison county, Mr. Luther Endicott of Harrison county to Miss Mamie Willett of Lexington, Rev. Dr. George Varden of Paris officiating. Mr. Endicott, who is a son of William Endicott, is a thriving young farmer. Miss Willett is a daughter of Mrs. Willett of the Phoenix Hotel, Lexington, and formerly resided in this city.

WHERE THE GOOSEBERRY GROWS ON ITS GOOSE.

I would fly from the city's rule and laws—From its fashions and forms cut loose—And go where the strawberry grows on its straw And the gooseberry grows on its goose; Where the catnip-tree is climbed by the cat As she clutches for her prey—The guileless and unsuspecting rat On the rattan bush at play.

I will catch with ease the saffron cow And the cowlet in their glee As they leap with joy from bough to bough On top of the cowslip-tree; And list while the partridge drums his drum And the woodchuck chucks his wood, And the dog devours the dogwood plum In the primitive solitude.

—Tyler Harpoon.

Hot Coffee, 5 cents a mug.

THEO. C. POWER.

There are about two hundred witnesses in Covington to testify in the Federal Court in Kentucky mountain moonshine cases.

Dr. A. Thomas, 88 years of age and one of the best known physicians in Southern Kentucky, died at his home near Hopkinsville.

The Civil Service Commission says in its annual report that the Civil Service Law is more strictly observed now than ever before.

Theodore C. Hallam and Harvey Myers of Covington have dissolved their law partnership, and each gentleman will paddle his own canoe.

Mrs. Mary S. Grove having resigned as Administratrix of the late Jerry C. Grove, Samuel W. Stairs has been appointed in her stead, with James N. Boyd surety.

Allen Savage, who killed George Brown at Mayslick on the 20th of July last, was tried yesterday in the Circuit Court and acquitted. Both parties colored.

It is reported once more that President M. H. Smith will retire from the L. and N. and that he will take the Presidency of the Southern Railway system at a salary of \$50,000 a year.

Elder R. C. Flower, a former Pastor of the Christian Church at Bowling Green, is in jail at Chicago, charged with obtaining \$45,000 from N. C. Foster, a Wisconsin lumber dealer, by false pretenses.

About eight years ago Lucy Brooks was divorced from Henry Brooks in this city. Brooks remarried and was again divorced. Last week at Ripley Lucy became Henry's bride for the second time.

Advices from the East seem to indicate that the bottom has dropped out of the turkey market, the price in New York ranging all the way from 1 to 6 cents a pound. If this be so some of our home friends will lose considerably.

On December 18th the C. and O. will sell round trip tickets to the following territory at one fare plus \$2: Arkansas, Colorado, Kansas, Louisiana, Missouri, Montana, Nebraska, New Mexico, South Dakota and Oklahoma. Tickets limited twenty days.

There is at Wells & Anderson's stables the smallest mule ever in this county. It is 46 inches high, 5 years old, and weighs 450 pounds. Mr. Wells bought it for the Ohio Valley Coal Company from F. B. Viment of Millersburg, paying a price as handsome as the mule.

The Tom Thumb entertainment and the potato race given at Scott's Chapel, M. E. Church, beginning on Thanksgiving evening and continuing until December 1st, was quite a success. A great deal of credit is given to the ladies of the Sewing Circle. The proceeds go for the benefit of the church.

Under the recent ruling of Circuit Judge Harbison, several parties brought suit against the city to recover fines and costs imposed by the Police Judge for offenses committed outside the city limits. Seven cases were heard yesterday before Squire E. L. Belfry, and in six of them judgment was given against the city. Those who recovered, with the amounts, are Carrie McCann, \$5 00; J. F. Price, \$5 00; Andrew Daulton, \$35 00; Timothy Spencer, \$37 00; Charles Hoops, \$5 00; Lem Yarell, \$5 00.

The City Council of Hodgenville has fixed the cigarette license at \$100.

Perry Jefferson has been re-elected Director of the Globe Tobacco Warehouse, Cincinnati.

Squire Thomas M. Sharp of Nicholas wants to represent that county and Robertson in the next Legislature.

The date for opening the Lexington Manufacturers' Exposition has been postponed until Monday, December 17th.

Marshal Webb and Lawyer Gray of the town of Milldale had a shooting match Monday night and both are laid up for repairs—Webb with a ball in his breast and Gray with a slug in his thigh.

The Bonanza from Pomeroy recently pulled into Cincinnati with the largest trip of the season—991 head of stock, 18 hogsheads of tobacco and 110 passengers. Doesn't look very much like the railroad had destroyed steamboating—eh?

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

## For Notices of Suppers

Excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however, does not include

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—22 times—the bill is \$13 25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

## WILL BE TRIED.

## The Eastern Kentucky Swindlers Before the Federal Court.

Uncle Sam doesn't allow his sons to monkey with the mails, even though they pay the postage.

For several years a gang of would-be sharpers have been operating in Boyd, Martin and Johnson counties, sending orders through the mails for large lots of goods they never intended to pay for.

At last the Postal authorities ran them down, and Fairway Price, Elliott Preston, Will Hall and Wayne Dameron, four of the men accused, are to be tried before Judge Barr at the present term of the United States Court at Covington.

They are charged with being members of a gang of swindlers, who have made over \$100,000 by representing to business houses all over the country that they were merchants of good standing and would want to purchase a big bill of goods.

If an investigation as to their financial standing would come up, they would refer one to the other and also to a prominent bank, where they had considerable money.

By this means they would secure a big bill of goods.

Upon its arrival they would immediately sell out below cost and pocket the money, and let the firm whistle for theirs.

They thought nothing of ordering a carload of bicycles and selling them out at \$5 and \$6 each.

Merchants from all parts of the United States have been taken in by this gang.

In the papers filed firms are represented from Pomeroy, Cincinnati, New Albany, Chicago, Pullman, Peach Orchard, Elmira, and even devoted old Maysville comes in for a share of the honors.

Monday one of the gang applied to Senator Goebel to defend him.

"What have you to pay me?" asked the business-like Senator.

"Well, I ain't got no money, but I'll give you a 900-pound brass bell."

"Where is it?"

"Up in the mountains in front of my blind tiger."

"Is it paid for?"

"Nope!"

And the Senator went around the corner to see a man.

Judge Anderson of the Criminal Court at Nashville declined to allow resolutions eulogizing the late Chancellor Allison to be spread upon the minutes of his court. He declared that very grave charges had been preferred against the late Chancellor, and that this stain must first be removed before the resolutions could become a part of the records.

## SANTA CLAUS.

His Postoffice Now Open For Letters From the Little Folks.

THE LEDGER loves the little folks, And it will be happy to serve them.

So, young friends, just write your letters to dear old Santa Claus, tell him what you want for Christmas, and send them to THE LEDGER.

The election went just the way old Santa and a great majority of the people decreed; and as THE LEDGER is on the popular side it has been able to make an arrangement whereby all the orders of its young friends will be faithfully carried out.

Send in your letters.

J. Ab Hilton and Matthew Foley are under arrest at Barbourville, charged with assaulting a white woman 50 years of age, and of murdering Lank Thomas, whose dead body was found on the railroad track.

A meeting of the new Cemetery Company will be held at Mayslick in Oddfellows' Hall Saturday, December 8th, at 1:30 p. m. It is earnestly desired that all who are interested in this work shall attend.

WALTER MATTHEWS, Chairman.

Charles L. Howerton, white, aged 35 and born at North Middletown, and Miss Matilda Taylor, colored, aged 24 and born at Millersburg, went down from Paris yesterday and were married by Squire Kushman at Cincinnati. So says The Post.

A "Jack the Huggler" created a sensation at Henderson last week. Several females were assaulted in the heart of the city by a masked ruffian, and so far the police have been baffled in their search for him. The fellow tried to hug and kiss every female who passed along the streets without an escort.

It requires about 12,000,000 stamps a day to conduct the correspondence of our population, or a total of 4,380,000,000 for the year. There is not as much letter writing these times as there was when the country was more prosperous, but a decided increase has been noticeable during the last two months. The weight of the mails is an accurate barometer of business affairs.

## A Good Joke.

A good joke, when it is at no one's expense, is thoroughly appreciated, and you will hear plenty of them, and new ones, too, at Hi Henry's Minstrels on Monday, December 10th. Everywhere the press accord this company the first position. Tickets at Nelson's.

## Last of the Year.

Low rate excursion to Cincinnati via C. and O. Wednesday, December 13th. Tickets good going on trains Nos. 19 and 15, which will carry extra coaches for this occasion, leaving Maysville at 5:30 a. m. and 5:05 p. m., arriving at Cincinnati at 7:45 a. m. and 7:30 p. m. Round trip only \$1 25. Tickets good returning on regular train No. 20, leaving Cincinnati 5:30 p. m. and trains Nos. 16 and 20 leaving Cincinnati 7:40 a. m. and 5:30 p. m. Thursday, December 13th.

Excellent attractions at the numerous theaters. Don't fail to go and see the magnificent holiday displays in the Queen City. Positively last low rate excursion to Cincinnati this year. So don't miss it.

## FREE PIKES.

"The Ledger" Has a Suggestion For Business Men.

How would it do for the business men of Maysville to hold a mass-meeting and organize for free turnpikes?

Mason county will soon have a new order of things—a new County Court and a new Board of Magistrates—and it will be a good idea to make a concerted effort.

Nobody wants to take the pikes away from their owners without full compensation, but it will not do to say that they can't be made free.

There are free roads in nearly every other state in the Union, and what has been done elsewhere in that way can be done here.

Besides, the people are very powerful when they act.

THE LEDGER is for free travel at home, even if it is not for Free-trade abroad.

Let us hear from you, gentlemen.

Champe Farrow & Son are selling their Yellow Grandad Whisky, new at \$2 50, old at \$3.

During a sham battle at Newport between the Dayton Presbyterian Church boys and the Newport Light Infantry Gus Dohrman was almost killed. Somebody on the opposing side had a gun loaded with real shot and Dohrman received five in the face.

The Thanksgiving game of football at Owensboro resulted in a broken leg for one of that city's players. Both The Messenger and Inquirer denounce the game as brutal. The Henderson team, which injured the young man in question, has agreed to go to Owensboro and play a benefit game for him.

## INTEREST GROWING.

The Gales Meetings Awakening the People of This City.

The interest in the evangelistic meetings is growing.

Yesterday morning there were three cottage prayer-meetings held in different parts of the city, and the same was repeated this morning.

Yesterday afternoon the Central Presbyterian Church was the scene of a large gathering of men, women and children to listen to the eloquent evangelist, Weston R. Gales, whose talk created an impression that will be lasting.

Last night there was a goodly crowd of men at the same place to hear him talk on the subject, "Come, Let Us Reason Together, Saith the Lord," and his talk was a powerful one.

There will be a men's prayer-meeting this evening at 6:40 in the parlor of the Central Presbyterian Church, to which all Christian men are invited and expected to take part.

At 7 o'clock this evening in Y. M. C. A. Hall the women's prayer-meeting will be held.

Those who are missing these interesting meetings are missing a rare treat, and should attend from now on.

Don't forget the meetings today, and let every Christian person who goes take some one with them.

# BOOMING!

SOME SEQUELS TO THE LATE REPUBLICAN VICTORY.

Returning Prosperity—Factories Starting Up—Work for American Workmen.

[Before the election THE LEDGER argued that Republican success meant a restoration of confidence, the opening of American factories and workshops, the return of business to its wonted channels, profitable and steady employment for American workmen, and an era of renewed prosperity all along the line. That the hopes held out by THE LEDGER were not false ones is being fully demonstrated. Below are a few evidences of the business revival that trends on the heels of the great Republican victory.—EDITOR.]

New Haven is congratulating itself that a \$7,000 rolling mill plant is to be established there.

Anderson, Ind.—The Anderson Paper Mills were today sold by Receiver Durbin to Crawford Fairbanks, President of the American Strawboard Company of the United States. The price was \$83,000. Mr. Williams was appointed manager, and has instructions to put the plant in operation the first of the week.

Hamilton, O.—There has been no manifest improvement in labor conditions in this city during the week. At the Niles Tool Works everything is promising for new work in the near future, as many new inquiries are being made daily. The building of the new electric light plant, and the work incident thereto, such as placing the poles and running the wires, will furnish labor for a number of men for several weeks.

The Newport Rolling Mill Company started the bar department of its plant during the past week, giving employment to twenty-five of its employees who had been idle for some time past. Tomorrow the puddling department will be put in operation, adding a large number of additional men to the working force. About two hundred men will then be employed. Mr. E. W. Hubbard expresses the belief that the outlook at this plant is brighter than at any time for several months past.

Columbus, O.—Columbus is to have an important addition to her list of industries. The Pomeroy Rolling Mill, operated by King, Gilbert & Warner, is about to be removed to Columbus. The prospects are favorable for a boom in the building trades next spring. Many important improvements are planned. The work of excavating for the Great Southern Hotel and Opera-house is progressing rapidly. Many local factories are working overtime, and the prospects are bright for an industrial revival in the Capital City.

Kokomo, Ind.—The industrial situation remains encouraging in this field. With some concerns business does not come up to last week, but the majority report trade better than a week ago, making the average a decided improvement. The Great Western Pottery Works, the largest West of Ohio, making sanitary ware, is operating to full capacity with 300 men. The company this week decided to build an addition to the works for more kilns, and this means one hundred or more additional operatives. The men receive good wages, getting from \$3 to \$8 per day. The Whitaker Brass Foundry, after a short close down, is in operation again. The Ford & Donnelly Foundry and Machine Works have taken on an increased force for the manufacture of plate tanks and other appliances used in tinplate factories now going up at Atlanta, Montpelier, Anderson, Converse and Gas City. The U. S. Goblet and Tumbler Glass Factory at Greentown, working 800 people, is making preparations to double the capacity of the plant. The Opalescent Glass Works has put on several new men.

The New York police have investigated the living pictures, and have reported to Superintendent Byrnes that there is nothing about the tableaux to offend the modesty of the most timid bluecoat that ever levied tribute on immorality or took percentage on the wage of sin. Of course, the ladies of the W. C. T. U. are satisfied with such high indorsement.

## All Nicotine

is extracted from Lager Tobacco, hence it is the healthiest. C. A. Raine & Co. of Danville, Va., make Lager.

# COAL! COAL!

The Citizens' Coal Company, Commerce street, Fifth Ward, has 50,000 bushels of Pomeroy Lump Coal, warranted as good as Peasock coal, which will sell delivered at 4 CENTS, in lots not less than 10 bushels. J. HAMILTON, Agent.
